

## St. Philip the Apostle

### First Eucharist 2019

### Photography Information

Patrick McGleam from McGleam Studios will be your photographer for this year's First Eucharist service. This letter will give you the information you will need to order photos from this service.

We will be in the church to photograph the children receiving Communion, gathered on the altar steps for a group photo, and formal portraits of the children and their families after the service. All photos will be posted to my website, for viewing and ordering, two weeks after the service. If you would like to purchase any of those photos, please fill out an order form with your contact information. I will send out an email letting you know when the photos are up and ready to view. You can prepay for photos the day of the service or wait to view them online before ordering. Please include your street address as all ordered photos will be mailed to your homes. If you have questions, please contact me at [info@mcgleamstudios.com](mailto:info@mcgleamstudios.com) or at 630-587-5808.

Thank you,

Patrick McGleam
